DYMO®

Industrial Embosser

Rhino™ M1011

Metal Embossing Tool

Innovation that began over 40 years ago and continues today.

The Rhino™ M1011 embosses 1/2" (12 mm) stainless steel and aluminum labels – with or without adhesive – that resist corrosion due to extreme weather, temperature, chemical, and UV exposure. This tough, durable embosser features an easy-to-use label cutting handle (cuts rounded edges), hole and cable tie punches, a trailing edge measuring gauge, and much more.

DYMO® | Rhino M1011 features:

1 **Uses 1/2" (12 mm)** Stainless Steel & Aluminum labels

2 **Built-in hole punch** for creating hanging, screw-on or nail-on labels

3 **Built-in cable tie slot punch** for cable marking

4 **Built-in measuring gauge** – accurately set length of leading and trailing label edge

5 **Easy-to-use cutting handle** makes cutting stainless steel labels effortless – Cuts slightly rounded edges

6 **Print standard or reverse script labels** – both character wheels included

1/2"
12mm

RHINO EMBOSSING LABELS		1/2" (12mm)	
Metal Labels (Box of 10 Rolls)			
Part #	**Description**	**Length**	**Color**
