

Introducing the labeling tool that gets it done fast

RHINO 3000 is an easy-to-use portable label printer specifically developed for high-end installations at the job site or home: security, low-voltage networking, home automation, professional audio/video and much more.

Simple pre-programmed label and text “Hot Keys” work together, so you can create labels quickly and easily. Start by selecting the type of label you want: Flag, Wrap, Fixed or Vertical. Then, choose the precise text from over 100 pre-programmed components and 50 locations.

Rhino 3000 Features:

- 1 **Backlit Display** - Ideal for accurate, efficient labeling in low-lighting conditions
- 2 **Pre-Programmed Label “Hot Keys”** - Lets you quickly choose between Flag, Wrap, Fixed or Vertical and Panel
- 3 **Pre-Programmed Text** - Over 150 commonly-used terms are pre-programmed. Just choose the application, select the text and print your label
- 4 **Giant “Symbols” Library** - When words won’t do, we’ve provided a wide range of symbols for graphic, professional labeling in all types of applications
- 5 **Save/Recall** - Powerful 25-label memory lets you store labels you’ll need again – and retrieve at a moment’s notice
- 6 **Impact-Resistant Rubber Bumper** - Protects your tool from accidental falls or harsh jobsite conditions

Label Colors

Labels that stick and stay stuck.

RHINO labels are easy to use and super-strong. Thanks to industrial-strength adhesives, they deliver the lasting durability and legibility you demand – for a multitude of applications. To meet your high standards, RHINO labels are designed to work exclusively with RHINO printers and perform on a variety of surfaces (smooth, curved, textured and highly textured).

- Industrial-strength adhesives help these labels stick and stay stuck – in harsh worksite conditions.
- Thermal transfer print technology produces labels that are durable, smear-proof and resistant to chemicals, solvents, heat, UV and more.

Ideal Label Applications
